1. ELECTRICITY

We need 230V socket for stage rack, guitar rack, SPD-X, both LED light bars and FOH position. We provide our own adaptors if needed.

2. INPUT LIST

We bring our own stage rack including all cables, microphones and booms.

3. MONITORING

We use our own IEM monitoring, all included in the stage rack. We use Shure PSM900 and T.Bone IEM-150T models.

4. SOUNDDESK & PA

We usually work with the in-house system. We accept systems by meyer, d8b, l'acoustic, nexo etc. No selfmade systems, no Mackie, no JBL, no Behringer etc.

The sound system must provide at least 100db LEQ60 and 120dB peak at FOH position.

Please provide a system engineer for setup, soundcheck and show.

We need 2 CAT 5e (max. 80m) lines from stage rack to FOH.

5. LIGHTS

We bring a set of 2 LED bars and 2 Godox lamps directly connected via DMX to our stage rack.

In addition we will work with the local light system and the local light technician. We provide a setlist with colours for every song.

6. CATERING

Please provide a quiet room near the venue for at least 6 people. We require water, coffee beer & softdrinks.

2 people are vegetarians, 3 people are omnivores and 1 person has a peanut allergy.

7. PARKING

Please make sure, the unload area is as close as possible to the stage.

Van parking required near the venue.

8. MERCHANDISE

Please provide a table (1m x 1m or more) for our merchandise.

9. ITEM LIST

We provide a list of our production material for all shows.

Please make shure that enough space is provided during our stay at the venue.

Instruments:

2x Guitar, Drumset (Kick, Snare, 2x Floor Tom, Hihat, Cymbal-Stands, Cymbal-Case), SPD-X Pad.

Amps and Stagerack/Sounddesk:

Stagerack (16 HE), Kemperrack (4HE), Mic-Case, Cable-Case, Sounddesk (50x25x50 cm)

Merch:

2x small box with CDs and Caps, 4x softbag for clothes
